Product Description

COMPLETE TANK INLET POINT - 2" BSP THREADED

This is suitable for use with all plastic tanks that can be accessed from the inside through a 'hatch'.

This requires a 2" hole to be cut in the top of the tank and the unit passed up through from the inside and the locking nut to be attached from the outside to hold this in place.

Comes complete with 'O' Ring; Locking Nut; Polypropylene Cap with Chain.

Main Features

- Suitable for all plastic tanks
- 2" BSP Threaded
- Comes complete with filler cap and chain
